The Salem, NH Science Fiction & Fantasy Book Club.

This long standing Salem book discussion group has been meeting at the Kelley Library since the beginning of 2012. The book club meets on the first Wednesday of the month at 7:30 pm. Discussion selections range from well-known science fiction titles to just discovered fantasy authors. Titles are suggested by the members of the club and informally discussed. For the May meeting, the group is reading "Old Man's War" by John Scalzi. In June, members will be discussing "Dinosaur Planet" by Anne McCaffrey. New members are always welcome.

Drop in for one discussion – you'll come back for more.

The Career Corner puts all your job search needs in one place.

Need Help Finding a Career Just Right for You? The newly organized Career Corner may be just what you need. We've started arranging our business and career books by topic, using words instead of Dewey Decimal numbers. If you are looking for information on a specific career, find it on the shelf under "BUS. CAREERS". If you need help building a resume, look for "BUS. CAREERS. Resume." If you're taking a qualifying exam to get that job, look under "STUDY AIDS" to find study guides to help you ace that test. There's a section on starting a small business, job hunting, and personal success once you've reached your career goal. We'll be adding more topics and sub-headings as we develop this new way of organizing our book collection. Browse this collection and tell us what you think.
